Leave No Trace is a nationally recognized outdoor skills and ethics awareness program that teaches us how to treat the environment. The seven principles are guidelines to follow at all times and are an awareness of and attitude toward the land, rather than a rote set of rules.

The Master Educator course is an extensive five-day course on how to practice and teach Leave No Trace skills and ethics. Participants will gain a comprehensive overview of Leave No Trace techniques through practical application in a field setting. Graduates receive a diploma and are qualified to teach two-day Leave No Trace Trainer courses.

You will learn about:

- How to implement Leave No Trace in your outdoor program.
- How to properly present the Leave No Trace skills to others through Trainers and Awareness courses.
- What's new in Leave No Trace techniques and how they apply to the outdoor program.

Many other topics will be covered as well. Graduates will be fully trained in all aspects of the Leave No Trace program.

The course is on Catalina Island. The Frontcountry experience will be at Camp Emerald Bay. The training will continue as you paddle and camp at locations on Catalina Island.

The course fee is **\$255.00**, which covers food and materials. You will learn the proper techniques for Leave No Trace camping and boating plus have a great time! Participants will need to supply their own camping equipment. An equipment list will be provided.

We will be in an outside water environment for most of the course, rain or shine! Everyone attending will receive a LNT Master Educator Certificate, patch, written materials, and a CD to take home. To reserve a spot, send a \$100 deposit. Similar courses cost \$450 - \$850, so take advantage of this low price!

Will you be the next Master Educator?
