

What's in the Box?

This box is designed to be an all in one sign-up event grab & go kit! Inside you'll find resources that will help make your sign-up event successful, provided you have promoted and prepared adequately.

- Front Door & Room Signage
 - To help new families navigate which door to enter, and how to get to where your Pack is holding sign-ups
- Sign-in Sheet
 - This ensures you get contact information of all interested families, regardless of whether they register that night
- Paper Applications
 - Backup for online registration
- Parent Information Sheet
 - Helps your Pack determine who may be a potential leader
- Cub Scout Parent Guide
 - Assists in new families understanding the Cub Scout program, what camping/activities are available, where to purchase their uniform, etc.
- New Scout Calendar
 - There are many events that a family can attend individually - this lists out all camping/outdoor opportunities for Cub Scouts this year

Recommended additions by your Pack:

- Online Registration QR codes or handouts
- Pack Calendar
- Fees/Dues breakdown

At the event itself, make sure to have at least 3 areas set up:

1. Check-in (put sign-in sheets and paperwork here)
2. Activity/Q&A (send the kids off to one side to do an activity such as rocket launching, while Pack leaders connect with new families)
3. Check-out (ensure that families must check out with someone, and collect Pack dues, or applications/registration at this station)

After the event, follow-up with everyone who registered to make sure they know when the next upcoming meeting or activity is. Additionally, follow-up with everyone who attended but didn't register to make sure they have what they need to get the process finished, and invite them to your next sign-up opportunity.
