EMERALD BAY OUTDOOR ACADEMY

ENVIRONMENTAL LITERACY AT THE GEM OF CATALINA

Located on Catalina Island, the Emerald Bay Outdoor Academy is a premier outdoor education camp specializing in science, conservation, and research. Our curriculum emphasizes leadership, character development, and both marine and earth sciences—and students always leave wishing they could stay longer!

Operated by the Western Los Angeles County Council, Boy Scouts of America, the Academy's mission is to inspire the next generation of environmental stewards through immersive overnight programs and Educational Outreach Partnerships. Grounded in Scouting values, our program fosters character development, leadership, citizenship, and personal fitness, all enhanced by Social and Emotional Learning and hands-on environmental activities.

Students join "Animal Groups," modeled after the Scouting Patrol Method, to build teamwork and leadership. They also learn how they can continue their Scouting journey once they return home, ensuring their adventure doesn't end at camp.
